

## **STAFF ACCOUNTANT**

*Ag & Agri-Business Services*

Acuity Advisors and CPAs, located in Lancaster, PA, provides traditional accounting services in addition to consulting and personal services. We are currently seeking a Staff Accountant to join our rapidly growing Ag & Agri-Business Services team which focuses on serving large-scale family farm operations and small to mid-sized agri-business.

A Staff Accountant will participate in multiple engagements involving review and compilation services as well as individual & business tax services and work closely with our experienced Ag & Agri-Business Services team who will provide training and mentoring.

The position requires a Bachelor's or graduate degree in Accounting, 0-2 years relevant work experience and the ambition to pursue your CPA license. A successful candidate will have the ability to multi-task effectively and meet deadlines. Strong communication, organizational, problem solving, analytical and Microsoft Office skills along with background or an interest in the Ag and Agri-business industry are required.

We believe extraordinary employees are the cornerstone of a successful organization. We continuously challenge our professionals so they can achieve their goals and are proud to offer a diverse, collaborative and flexible work environment, strong career growth potential and attractive benefits with a competitive compensation package.

If you are a self-motivated professional or accounting major interested in public accounting, please apply by sending your resume to [info@acuitycpas.com](mailto:info@acuitycpas.com) with Ag Staff Accountant Resume in subject line or mail to:
