

SCHOLARSHIP RECOGNITION

PennAg is proud to once again sponsor scholarships through the PennAg Scholarship Fund. Scholarships are awarded to students of PennAg member families. In 2019, we were able to award 7 scholarships worth \$11,000. Congratulations and best wishes to all!

We believe building relationships and connecting with the youth of our industry is imperative to the growth and success of the agriculture community. In an effort to ensure the PennAg Scholarship Fund is assisting in the growth and development of the future of the agriculture industry in and around Pennsylvania, eligible applicants must be enrolled in a post-secondary educational institution, trade, or technical schooling program (2 year minimum) with a focus on agriculture and work for a PennAg member or be a child of a PennAg member.

Thank you to all PennAg members and friends who contributed to the PennAg Scholarship Fund - your support is greatly appreciated!

LIBBY BAKER-MIKESELL

Hometown: Port Royal, PA
